ADROIT CHARITY GOLF DAY @ BALLARAT GOLF CLUB FRIDAY 27 MARCH 2026

In 2026, our fundraising efforts will focus on two vital projects supporting families across the Grampians — a new transport cot for newborns and an outreach vehicle for the Grampians Early Parenting Centre.

With a focus on transport - your support will help us provide both safer transport for our neonates and to assist families in the comfort of their own homes.

Thanks to the Ballarat Health Services Foundation, every dollar raised will be matched, doubling the impact of your generosity.

Together, we can give local families the safest and strongest start, right here in Ballarat.
